

## Information & Technical Support Webinar For Foliar Applications

**When** There are 6 different Webinars to choose from:

- Wednesday May 21  
8:00 am CST
- Wednesday May 21  
10:00 am CST
- Friday May 30  
8:00 am CST
- Friday May 30  
10:00 am CST
- Monday June 2  
8:00 am CST
- Monday June 2  
10:00 am CST

**Length** 45 minutes:  
(30 minute presentation with a 15 minute question and answer period)

**Who is invited:** This information and technical support Webinar is available for new and existing Wolf Trax® customers.

**Why attend:** This Webinar is designed to provide technical support to foliar customers. This Webinar will deliver:

- Opportunity to hear directly from Mark Goodwin, director of R&D for Wolf Trax Inc.
- Opportunity to learn about the latest research
- Opportunity to review foliar mixing instructions, including common tank mixes such as Wolf Trax Manganese DDP® and Glyphosate
- Opportunity to ask questions, and hear from your peers

**How it will work:** Attending a Webinar is easy. Once you enroll, you will be emailed instructions for logging in to the Webinar (you will need a computer with internet access to view the Webinar, and a phone line to call the 1-888 number and listen to the live discussion). During the Webinar, you will watch and listen to the live information seminar, delivered by Mark Goodwin, R&D Director for Wolf Trax. Time will also be set aside to ask questions. And all this from the convenience of your desk!

**How to enroll:** Email the following information to [infomaster@wolftrax.org](mailto:infomaster@wolftrax.org), and we will contact you with all the details

- Date and Time Preferred
- Participants Name
- Company Name
- City, State/Province
- Title
- Phone (including area code)
